LUXURY CREWED POWER CATAMARAN · CHARTER OR PRIVATE

GRANOCEAN

FULL CREW. SHALLOW WATER. OPEN OCEAN.

The W-66 is a luxury crewed yacht built around the way a crewed yacht actually runs. Captain and crew have private cabins and their own access, so service never crosses guest space. With the full 32′10″ beam of the W-72 and a shallow 1.2 m draft, she offers big-yacht volume and reaches anchorages others can't — for charter or private ownership.

KEY FEATURES

- A private cabin for every crew member: captain plus two crew, with dedicated crew access
- Shallow 3′11″ (1.2 m) draft, reaching anchorages deeper yachts can't
- The full 32′10″ beam of the W-72 on a 66-foot hull
- 4,500 L (1,189 US gal) standard fuel, extendable to 9,000 L (2,378 US gal) for long-range cruising
- Flybridge wings for additional space above & a protected cockpit below
- Galley up or galley down, with up to five guest cabins, or six in the optional layout
- Configured for charter or private ownership
- Gurit-engineered vinylester composite construction and strategic carbon reinforcement
- Twin Yanmar 440 hp as standard, with Cummins 550 hp or 715 hp upgrades
- Built in GranOcean's own shipyard in Zhuhai
