Overview

Alexa is a unique boat – with 30 meters on deck she is built for two people only (possibly +2).

Alexa has been cruising the seas between the islands of Flores, Komodo, Raja Ampat, Sumbawa and Sulawesi, and she was transformed into the most romantic sailing boat in Indonesia – one cabin only. Ideally for two.

True to ancient traditions of Phinisi boats in Indonesia, Alexa is the manifestation of a dream. A dream of ultimate understated luxury, absolutely privacy, free spirit of discovery, unique experience and the best of any service you can think of.

Traditional lines adopted a modern pure look, aged teak wood is combined with stainless steel and tinted glass. The generous living spaces are filled with antique art and contemporary classics. Silk rugs and primitive sculpture from the islands of Indonesia, finest linens, crystal glasses – every detail on Alexa is chosen with love.

She is the perfect lovenest to a newlywed on their honeymoon, the romantic floating villa to a couple celebrating their unforgettable anniversary, or the most comfortable and serene to a family with younger children on an exclusive expedition trip where everything is well looked after by the on board crew of 7.
