🛏 3 cabins

👤 8 guests

Overview

Eos is a 2015 build with a complete refit in 2021/22 done by Simpon Marine Service who are the Lagoon dealers in South East Asia. Designed with the ideal mix of luxury, space and sailing ability, the Lagoon 400S2 is perfect for a getaway with friends. Enjoy the full luxury experience onboard the Eclipse and leave the planning, sailing, and every other detail to us.

This Lagoon catamaran is best suited for one or two families private bareboat or crewed charter in Phuket, Thailand. Comfortable, classy, and spacious, this Lagoon 400S2 will take you exploring Phuket islands like you have never experienced Thailand before.

Remarkably shaped in sleek and curvaceous style, Lagoon 400S2 provides circulation on board with extra stability and space. The many socialising space serves as areas of fun and lounging spot.

The raised helm to port ensures easier communication between the skipper and the rest of the crew in the cockpit, while having good visibility forward. Unlike many crowded helm stations, here is plenty of room for two people to work, one steering and one managing the lines. There is also room behind the helm seat for passing through down to the cockpit.

The saloon is spacious and easy to move around. The L-shaped settee runs athwartships and also serves as a seat for the outboard-facing navigation station; this salon settee can be easily converted into a double berth to accommodate totally 8 guests sleeping onboard. The U-shaped galley is split, with a three-burner Eno stove and a single sink to starboard and refrigeration to port. The top-loading fridge is just at the edge of the stairs to the port hull.

In this owner's layout, the entire starboard hull is dedicated to be the master stateroom. Aft, the island bed is nice and low for easy access, and the large hull windows let the captain check out the surroundings without getting up. Amidships, a desk is a nice addition. The head forward takes up a third of the hull, with a huge shower compartment that has plenty of room for even the tallest of crew.

The aft cabin in the port hull has the same low island berth as the owner's cabin and a private head with a separate shower stall; the forward cabin has an integrated head/shower combination. The bow compartment is setup with additional bunk to be used as additional sleeping quarters.

This well-maintained sailing catamaran is available for bareboat charter in Phuket, Thailand.
