## Overview

There were no details left unattended in the creation of the new Leopard 43 Powercat, including the hull design, the updated interior, and much more. The L43 PC is the product of close collaboration between the Robertson and Caine Design Team, who were responsible for the interior and exterior design, and Naval Architects Simonis Voogd, who were in turn responsible for the structural design, hull lines, and performance. The Leopard 43 PC is a completely redesigned mid-sized catamaran built with the quality foundation that has come to be expected of Leopard Catamarans.

The stepped hull design adds interior volume above the waterline, allowing for roomier accommodations in the hulls without sacrificing the performance of the yacht. With narrower hulls and less wetted surface below the waterline, the Leopard 43 PC reaches an impressive maximum speed of 24 knots and maintains exceptional fuel efficiency consistent with all Leopard power catamaran models.

The Leopard 43 PC features a large flybridge which includes a grill, wet bar and direct access to the sunbathing platform found forward. Inside, the galley of this powercat is located forward and the forward-facing settee and table are now located aft.

This layout, with sliding glass doors between the settee and aft cockpit seating area, plus a large window forward and access door to the bow, allow for nearly 360-degree panoramic views and create a feeling of continuous indoor-outdoor living space.

She's a fast boat that can cruise to the popular Phi Phi Islands and back on a Phuket Day Charter. Another popular destination is the Maithon Island, where the water is crystal clear that's perfect for snorkelling and if we're lucky, we'll see the pod of Dolphins inhabited in this water area.

The crew will inflate the big slide from the top deck and the floating Jacuzzi. There are Kayaks and Fishing Gear, Snorkelling equipment and a Snuba set. There is good music and you can plug in your own device, and we have Wi-Fi too, this is a perfect day charter yacht for enjoying a day on water in Phuket with full of fun and relaxation.
