Overview

Nyaman is a phinisi-style yacht that was built in 2014 and fully refitted in 2017. This contemporary yacht was constructed by Indonesian boat builder Adi Baso and designed by French architect ahead of her recent relaunch. This boat combines Indonesian tradition and authenticity with modern comfort.

She sails among the spectacular islands of Komodo National Park, taking in the fierce endemic dragons of Rinca, the scenic grassy peaks of Padar and the prolific coral reefs of the Komodo strait.

All the living areas on board, both interior and exterior, have been designed to offer maximum comfort. There are many places on the boat where you can simply sit back and relax, as you contemplate the beautiful vistas of the Komodo National Park.

Two open decks function as spacious living areas. Numerous comfortable sunbeds invite guests to relax, have a drink, soak up the sun or just sit back and enjoy the cruise, its reef and surrounding islands. The main deck has a large outside dining table, where guests can indulge in traditional Indonesian as well as quality western food, cooked by the knowledgeable chef.

The interiors encourage generous space and ample natural light. The seven newly refitted air-conditioned Indonesian teak double cabins sleep up to 14 passengers; 4 cabins are located on the main deck, 2 cabins are on the lower deck and 1 cabin is situated on the upper deck, revealing panoramic views through large windows. Each room has a private bathroom with a hot water shower.

A crew of 8 includes a cruise director and a private chef, dive instructors and spa therapists are available on request. During your private cruise or diving cruises, our discreet crew will always be on hand, to ensure your cruise in Komodo national park is unforgettable.
