Overview

Experience the perfect balance of sailing performance and modern comfort aboard the 2025 Beneteau Oceanis 40.1. Designed for couples, families, or small groups, this latest-generation cruising yacht offers the space and feel of a much larger yacht while remaining easy to handle and enjoyable to sail.

With her innovative hull design by Marc Lombard, the Oceanis 40.1 delivers excellent stability, smooth sailing, and impressive performance whether you're exploring sheltered bays or enjoying longer coastal passages. Wide side decks, generous outdoor lounging areas, and a spacious cockpit make every moment on board comfortable, from morning coffee at anchor to sunset drinks under sail.

Step below deck and you'll be welcomed by a bright, contemporary interior designed by Nauta Design. Large hull windows flood the saloon with natural light, while the thoughtfully designed living spaces create an atmosphere rarely found on a 40-foot yacht. Clever storage, comfortable cabins, and a fully equipped galley make life on board effortless for both weekend escapes and extended cruising holidays.

Whether you're looking for a relaxing island-hopping adventure or an authentic sailing experience, the Oceanis 40.1 combines comfort, elegance, and sailing pleasure in one exceptional yacht.
