🛖 14 cabins 👤 30 guests ⚙️ 28 crew

Overview

Built by Golden Yachts in 2009 and refit to exacting standards in 2018, this 82.5m custom motor yacht O'MEGA has remained one of the most refined superyachts available for charter. With an interior and exterior styled by the Italian design house Studio Vafiadis, O'MEGA exudes an effortless sophistication which makes her the perfect choice for a private yacht charter with up to 30 guests sleeping onboard. Built with Steel hull and Aluminium superstructure. This custom displacement yacht is equipped with an ultra-modern stabilization system which reduces roll motion effect and results in a smoother more enjoyable cruising experience. She features 'at anchor stabilisers' which work at zero speed to increase onboard comfort at anchor and on rough waters.

With harmonious lines and concave shapes defining the exterior of superyacht O'MEGA, it's no surprise that she's instantly recognisable when out on the water. Finished in arctic white, the outdoor living spaces are largely to be found towards the aft deck and on the upper deck. With comfortable furnishings abounding to provide numerous options for enjoying the climate whilst away on charter, there are also plenty of alfresco dining spaces conveniently situated underneath partial shading. Committed to providing a range of possibilities for such large charter parties, Studio Vafiadis have equipped the exterior of O'MEGA with a handful of lounge-like areas which can be easily serviced by the attentive. What's more, with a retractable swim platform extending off the transom, charterers are also able to easily access the water to enjoy the tenders and toys on offer.

The stunning interior of O'MEGA is largely inspired by classic aesthetics, with a number of elegantly crafted soft furnishings allowing guests to unwind and socialise in the utmost comfort. With fabrics coming from the collections of Rubelli, Lelievre and Scardigli, charterers are sure to feel inspired by their surroundings in both the communal and guest spaces. Indeed, from the spacious main salon through to the dedicated dining room and the VIP salon, there is a sense of sophistication which helps to establish an appropriately luxurious ambience. As something of a counterpoint to such glamour, the home cinema which was integrated during the refit in 2011 is composed of modern fixtures and the latest in visual and audio systems. Getting between such impressive spaces is just as much of an awe-inspiring experience, with intricate marble flooring and engaging pieces lining the corridors. Other standout features which grace the interior of superyacht O'MEGA include fluted pillars, original oil paintings, and some of the most impressive dark mahogany joinery to be found on any superyacht.

As such a highly voluminous vessel with accommodation for up to 30 guests, it should come as no surprise that motor yacht O'MEGA is complete with 14 exceptional staterooms. The most impressive of these suites is no doubt the master cabin situated forward on the upper deck. Offering panoramic views through semicircle windows which face forward, charterers occupying this cabin are able to wake up in only the most appropriate fashion. Finished with yellow and white onyx, the bathroom adjacent to the suite forms the perfect complement to such an expertly designed stateroom. The 5 VIP cabins which are also available on O'MEGA are just as well-appointed. The VIP stateroom found on the bridge deck, for example, offers similarly outstanding views, and is only a little smaller than the master. The additional 4 doubles and 5 twins are superbly finished, with entertainment systems and comfortable fixtures populating the spaces.

As a superyacht committed to entertaining larger charter parties, O'MEGA comes with a range of options for unwinding in style. The crowning achievement is perhaps the upper salon which is complete with a piano bar which is presided over by a resident pianist to allow guests the luxury of combining their cocktails with appropriate background music. The arrangement of furnishings only a short distance away also means that guests can keep themselves gathered together late into the night to enjoy one another's company to the accompaniment of music of their own choosing. For those looking to catch up with the latest blockbusters, the home cinema is stocked with a generous range of movies to enjoy in a suitably cool area. Of course, for those who prefer their entertainment to take place out on the water, the easy access to the water and diverse collection of water toys and tenders ensures there's never a dull moment with superyacht O'MEGA.

Superyacht O'MEGA is very much defined by her special features, with both communal and private spaces featuring a wealth of amenities and subtle touches to create an exceptional environment to enjoy a private yacht charter vacation in. Particularly, her home cinema, retractable swim platform, and upper salon provide unrivalled settings for relaxing and socialising with your party.

With accommodation for up to 30 guests, superyacht O'MEGA is one of the few motor yachts which allows larger parties to enjoy cruising together in a highly luxurious fashion. Her dateless style and wide range of modern amenities also means that she provides each and every charter guest with an unforgettable experience.....

Specifications

Model	Custom Build Motor Yacht
Year Built	2009
Length	270ft
Draft (m/ft)	4.4 m
