🛖 5 cabins 👤 10 guests ⚙️ 10 crew

Overview

Air conditioning, Stabilizers, Elevator (access to lower, main and upper deck), Sun Deck Jacuzzi, Word-wide Starlink powered Wi-Fi throughout the yacht.

PANAKEIA was the Greek goddess of universal remedy, and a charter aboard this 45.5m superyacht delivers top-level relaxation and hospitality. Built by the Astondoa shipyard and featuring an interior by Cristiano Gatto, PANAKEIA is a luxury motor yacht with large interior spaces, expansive decks, and she carries an extensive selection of water toys.

Highlights of the design include a sun deck with Jacuzzi and statement bar counter, a beach club lounge with huge sofa within the transom, and a sizable bathing platform for easy access to and from the water. For those who like to stay connected, PANAKEIA is equipped with 2 Starlink internet connections for the best World-wide Wi-Fi performance. Meals can be enjoyed al fresco to aft on the main deck, within the saloon, or at the formal dining table on the bridge deck, which resides within an innovative circular space with glass doors connecting it to both the interior and exterior. There's accommodation for 10 guests in five spacious cabins, comprising four doubles and one twin. The full-beam master suite benefits from an owner's study, walk-in wardrobe, and full en suite with statement bathtub. Each cabin is finished to very high standards. The main saloon is split into three distinct areas with space to dine, lounge seating, and a bar counter for drinks and cocktails.
