Overview

The Princess V62 accommodates up to 16 guests on day trips. Her hydraulic swimming platform means easy access to the water and that all water toys at your disposal are only moments away. She has the lovely sunbathing areas to best soak up those tropical rays and with lovely teak decking throughout and a table for al fresco dining, she is a joy to charter. The air-conditioned salon provides lots of light through its wide windows, so even when inside cooling off from the sun you can appreciate the view. Princess Yachts are a British luxury yacht manufacturer based in the city of Plymouth. Find out more about the Princess fleet on their website.
