

Saint Anna (Crewed)

US 2,300 P/24 hour + expenses

 Phuket / Thailand  Phuket / Thailand  2013  45FT / 13.72M

 4 cabins  8 guests  3 crew

Overview

Saint Anna is a Lagoon 450, it is the only catamaran of this size that can offer you 4 independent living sections, the saloon, rear cockpit, forward cockpit and the big fly bridge, where 6 people can sit.

There is a steering station on the fly bridge accessible from both sides of the cockpit, an additional forward cockpit, excellent performance under sail. Incomparable comfort in the saloon and the cabins.

Larger and with a bigger sail area, the Lagoon 450 is offered in a 4 cabin version with en-suite bathrooms, 2 single berth in the bows, and also benefits from important improvements in terms of safety, performance and cruising comfort.

This luxury, fully air conditioned catamaran is completely self-sufficient for water with a production of 100 l/hour and energy, thanks to her 11kv Generator.

All winches are electrical, even to lift the dinghy on the davits. Impressive inventory and electronics.

This Lagoon 450 is fully set up for Scuba Diving and the yacht is equipped with Bauer diving air compressors. This gives you the opportunity to dive where ever and whenever you want – even far away from mainstream.

You can also make your PADI diving license during a charter, or just make an introduction dive with a professional diving instructor. If you don't want to dive at all, snorkeling is a rather beautiful option as well. On many Islands you will be surrounded by the most colorful tropical corals and fish.
