Overview

The Sanlorenzo SD 118 Together is a brand-new luxury motor yacht for charter of 35.75 meter, expanding the historic line of semi-displacement models by Sanlorenzo, yachts that offer great autonomy for the most expert lovers of life on the sea.

In a perfect balance between classic, traditional lines and a contemporary interpretation, SD 118 Together reflects the constant innovation and research conducted by Sanlorenzo over the years.

The Sanlorenzo SD 118 Together features a performance-driven hull and a more contemporary style of external lines penned by Zuccon International Project. Key exterior features include a forward outdoor living area organized on two connected levels, the upper deck and the forward deck, with direct access to the owner's cabin.

A spacious and extended stern area can be transformed into a swim platform of 19 square meters when the yacht is at anchor thanks to large lateral hatches that open to permit diving and sunbathing au bord de l'eau.

The upper deck has an asymmetrical configuration which guarantees greater space, comfort and a direct view of the sea from both sides, providing total indoor-outdoor connection.

The port side features a side deck that leads seamlessly from stern to bow, along which the bulwark at the position of the living area opens to form a terrace, the starboard side is like that of a wide-body hull.

With a sophisticated, elegant, and contemporary interior design by Patricia Urquiola, this SD118 features her inimitable style balanced between rigor and irony, industrial design and crafts.

Together accommodates up to 10 guests in 5 ensuite cabins. A Master cabin on main deck, two double cabins on the lower deck amidship and two twin cabins forward.

Specifications

Model	SD118
Year Built	2022
Length	118 ft
Draft (m/ft)	2.11
