

Sanlorenzo Sd90 Akira

US 106,000 Per Week + Vat + APA

 Croatia  Croatia / Split  2024  90FT / 27.43M

 4 cabins  8 guests  4 crew

Overview

Sanlorenzo SD 90 AKIRA is a 27.43 mt brand-new motor yacht for charter, the result of continuous style and technological research. Sanlorenzo SD90 AKIRA was designed to guarantee the yacht's maximum livability, as witnessed by the new solutions introduced both externally and internally that give a totally revised perception of space. The bow area of the main deck is conceived as a partial full beam and marks the volume of the owner's cabin in an unusual way, providing a more spacious area inside compared to a traditional layout. The bow area is designed to enjoy the boat to the full in all its spaces. The flybridge is minimal, with a lounge and dining area and a very light T-top in line with the boat's volumes.

Sanlorenzo SD 90 AKIRA offers accommodation to up to 8 guests in 4 cabins. The Owner's suite on the main deck, two double guest cabins, and an additional double cabin in front of the descent staircase are conceived as a jolly cabin that can be converted into a lounge area. All cabins are ensuite.

The spaces of the SD 90 AKIRA are permeated by a style that strongly recalls the marine world and that in every detail seeks the maximum connection between interior and exterior. Among the boat's salient features are the large windows.

AKIRA is equipped with a Ranieri Cayman 28 Executive chase boat with its own captain to complete a service of excellence.
