Overview

Ethereum is a stunning Sunseeker Manhattan 64 sport yacht that is presented in an almost brand new condition after completing a massive total refit in June 2022. The entire yacht exudes luxury like your very own floating condo. The stunning lines and spacious open saloon offers fantastic views as you power cruise at speed to your desired destination.

Everything onboard is high spec including the sound system, navigation system, TV's with movies, music and also live TV via the onboard 5g Wifi system. The yacht's interior is air-conditioned throughout which is most welcome in the hot Thai climate. The kitchen is fully equipped with a separate wine fridge, food fridge and freezer. The BBQ, Microwave and stoves and plenty of work space keeps the cook happy.

The Sunseeker Manhattan 64 has three Guest cabins. A delightful Master cabin and VIP Guest cabins both with double berths and a cosy Twin cabin. All cabins have ensuite bathrooms.

Ethereum also has a superb fast Dinghy tender with a 50 HP outboard allowing fast transfers to and from island beaches and also watersport fun including inflatable towable doughnut rides (included in the charter price!) There are also 2 quality SUP boards onboard, some other inflatable toys along with top-quality snorkelling and fishing equipment.

She cruises at double the speed of many other Pattaya charter catamarans and yachts allowing you to spend much more time enjoying the paradise destinations compared to cruising to them. Also having the ability to cruise fast to a perfect calm island anchorage is most welcome when the seas are choppy.

Ethereum is the ideal yacht for a romantic trip with your loved one as well as the perfect yacht to chill in style with friends and family. She is also thoroughly set up for one of our magical multiday charters that always blows the minds of our discerning guests. We look forward to welcoming you all aboard the marvellous Ethereum luxury yacht.
