Overview

A Sanctuary of Sophistication and Soul Maj Oceanic welcomes guests into a world where traditional Indonesian design meets understated modern luxury. At the centre of the main deck lies the elegant lounge and dining area, a space enriched with artistic details inspired by the archipelago's seafaring heritage.

Every element has been carefully curated to offer both comfort and cultural depth, creating an immersive experience that's as serene as it is stylish.

Elegant Accommodations for Twelve Guests Maj Oceanic comfortably hosts up to 12 guests in six tastefully designed cabins, all finished to the standards of a luxury resort. The crown jewel is the 120-square-metre master suite on the upper deck, featuring sweeping 270-degree views, a king-sized bed, private balcony, and en suite bathroom.

A second spacious VIP cabin on the main deck offers 35 square metres of comfort, also with a king bed and private bath. Below deck, four well-appointed double cabins come with en suite jet showers. A cozy twin cabin at the bow provides a welcoming space for younger guests or additional members of the party.
